

Resolution 2001-04-01 Self-sufficiency definition

Approve the Executive committee recommendation to amend the definition of self-sufficiency from its current rate of 100% of the Lower Living Standard Income Level (LLSIL) for both Adult and dislocated workers and/or 95% of the dislocated worker's prior wage/income, whichever is higher TO 175% of LLSIL for Adult and Dislocated workers and/or 95% of dislocation wage/income, whichever is higher. Judy Hines moved and Jean Petesch seconded the motion to ratify the aforementioned resolution. Motion carried.
